To,

Team 21 Studio Inc.

Aiken, SC

Greetings,

In my pursuit of new opportunities, the posting for a Unity3D game developer from your organization piqued my interest. As someone who has 2+ years of experience in this field, I have an incredible skill set in game development. An important aspect that gives me an edge over many other applicants is that I am well-versed in 3D modeling and texturing software like Autodesk Maya and Quixel mixer. This helps me develop better games as learning this software has given me a good understanding of 3D fundamentals.

Coming to my educational qualification, I have a bachelor's degree in computer science. Game development has always been my passion and I started using game engines right when I was 17 years. Tho pursuing a computer science degree helped me build my coding skills, I am a self-thought game developer. I always had a zeal to build a career in this field.

After graduation, I have worked as an AR/VR game developer in Artage studios for a year where I proved to be an efficient and enthusiastic employee. Presently, I'm working as a senior game developer in an Edu-Tech start-up.

Team 21 Studio Inc would benefit from my skills in the following areas:

- Expertise in all areas of game programming, including development, coding, and troubleshooting.
- Proficient in Autodesk Maya, Unity, substance painter and Visual Studio.
- Basic knowledge in Unreal Engine.
- Positive attitude even under pressure.

I believe **Team 21 Studio Inc** will be a great company for me to grow and I am sure I will be a huge contributing factor to the development of the company. My time spent in this industry has prepared me for such an opportunity and I sincerely hope I can contribute soon as a member of your team. I would appreciate a formal interview to discuss the possibility of joining Team 21 Studio's team. Please feel free to contact me for additional background details or to schedule a time we can meet. I look forward to hearing from you at your earliest convenience.

Thank you for your time, and I'm looking forward to hearing from you.

Sincerely,

Vishwaksen Reddy
