| Our Vision & Mission

i-Life Vision:

To redefine K-12 education by harmonizing technology, emotional intelligence, and immersive learning, thus empowering every child to excel in their learning journey.

i-Life Mission:

To empower learners and educators through innovative, holistic AR and AI-driven education experiences that foster curiosity, resilience, and digital fluency, ensuring a future-ready generation.

| About Us- A Decade Old Legacy

LIFE Inc. was started with the sole purpose of bringing a positive change to the present learning system for young children (K-12). As one of the first Edtech companies, we designed a new-age process of learning by integrating technology with a heightened awareness to balance the physical, social, and emotional skills of children from as early as age 3. Our products and programs are developed in alignment with high curriculum standards and enhanced by **AI, AR, and VR technologies for grade-level learning and application.**

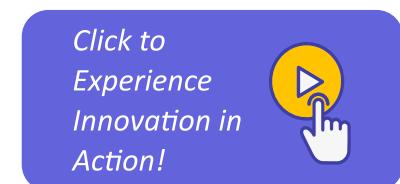

Today, we proudly continue our legacy under the i-Life brand. With **i-Life**, we remain dedicated to revolutionizing education by offering innovative, engaging, and personalized learning experiences that empower both students and educators.

Our Offerings

i-Life transforms K–12 education with AI, AR/VR, gamified learning, coding, interactive reading, adaptive systems, global programs, and well-being initiatives.

| See Our Impact in Action

Real Feedback. Real Impact.

Education isn't just about teaching—it's about transforming lives. i-Life is proud to be a part of that journey.

“

i-Life Genie is amazing! Its smart Q&A and voice support help my child learn faster and stay curious.

Sarah Khan
Parent – Abu Dhabi

“

Integrating i-Life Learn into our kindergarten curriculum has been seamless. The AI-driven experiences cater to different learning paces, and the kids are more engaged than ever.

Priya Sharma
Principal - India

“

The AI Coding module sparks creativity and builds problem-solving skills—coding has become an exciting adventure for my child.

Ramesh Patel
Parent – India

“

i-Life Learn sets a new standard for interactive education, offering dynamic content that truly elevates the classroom experience.

John Miller
Principal – USA

“

Ace It has revolutionized classroom engagement with its gamified quizzes and real-time feedback. It's a game-changer!

Omar Al-Fahim
Principal – Dubai

“

Love to Read brings stories to life with engaging multimedia content, nurturing early literacy and a love for learning.

Fatima Noor
Teacher – Abu Dhabi

“

i-Life Learn has transformed my child's experience with immersive, interactive lessons that make learning truly engaging.

Nina Collins
Parent – USA

“

My daughter struggled with reading, but Love to Read has changed that. The phonics-based approach and the interactive stories have made her fall in love with books. We're based in Abu Dhabi, and this program has been a game-changer.

Fatima Khalil
Parent - Abu Dhabi
