COME TO LIFE WITH STORIES

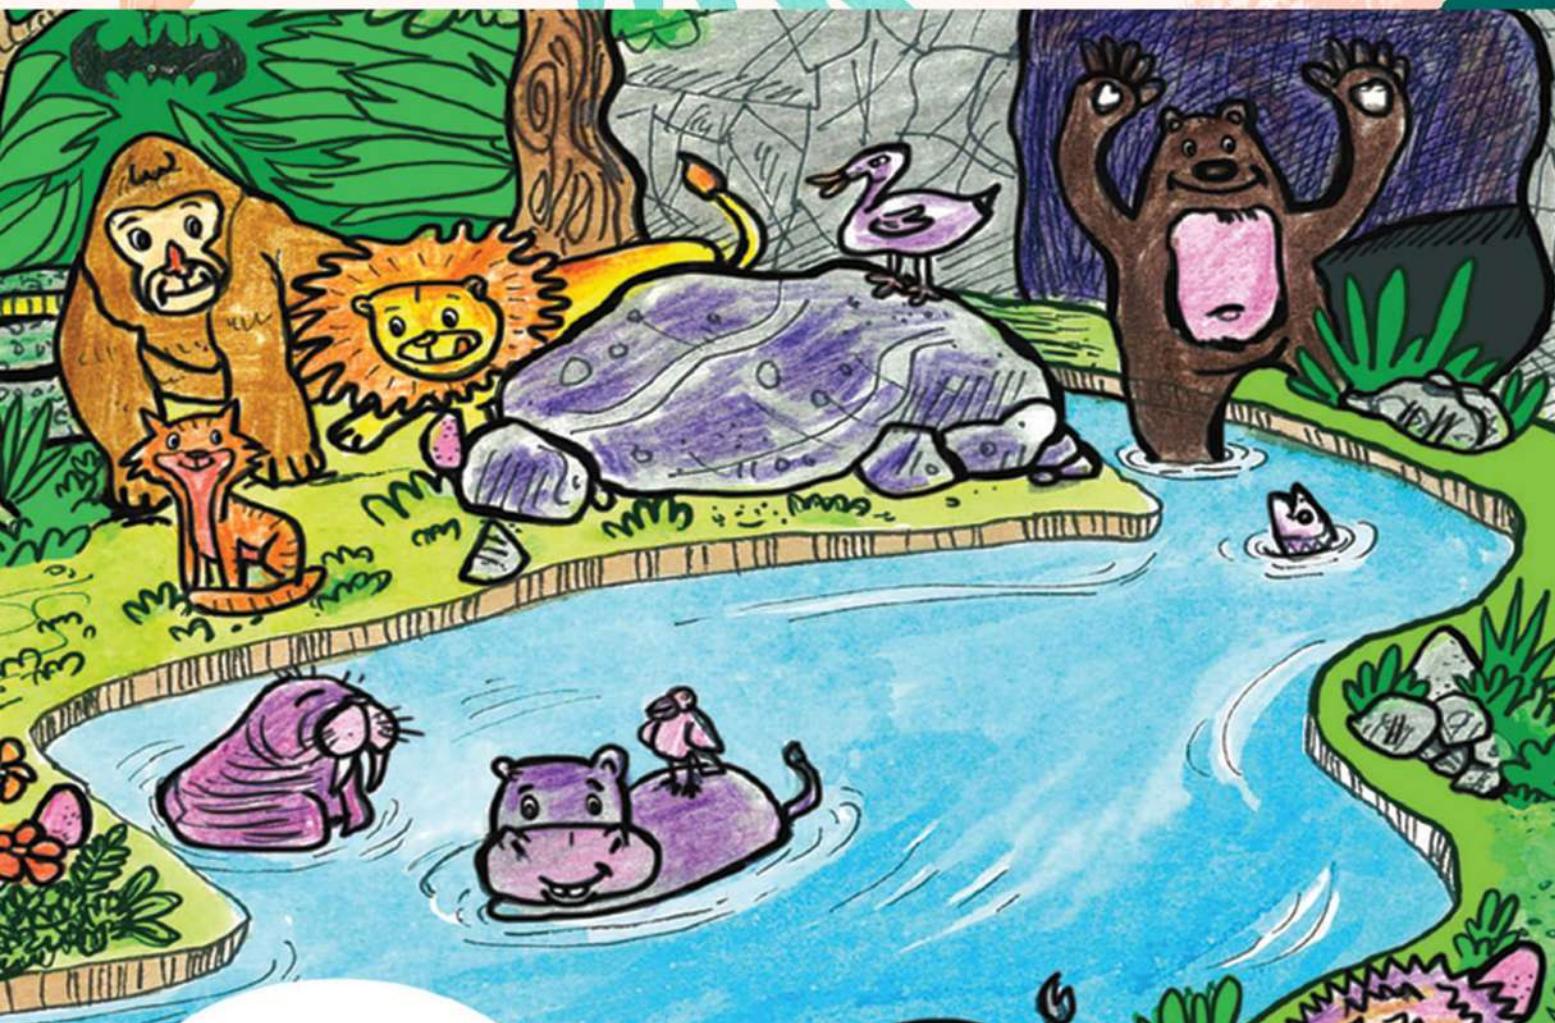

Finding DINO

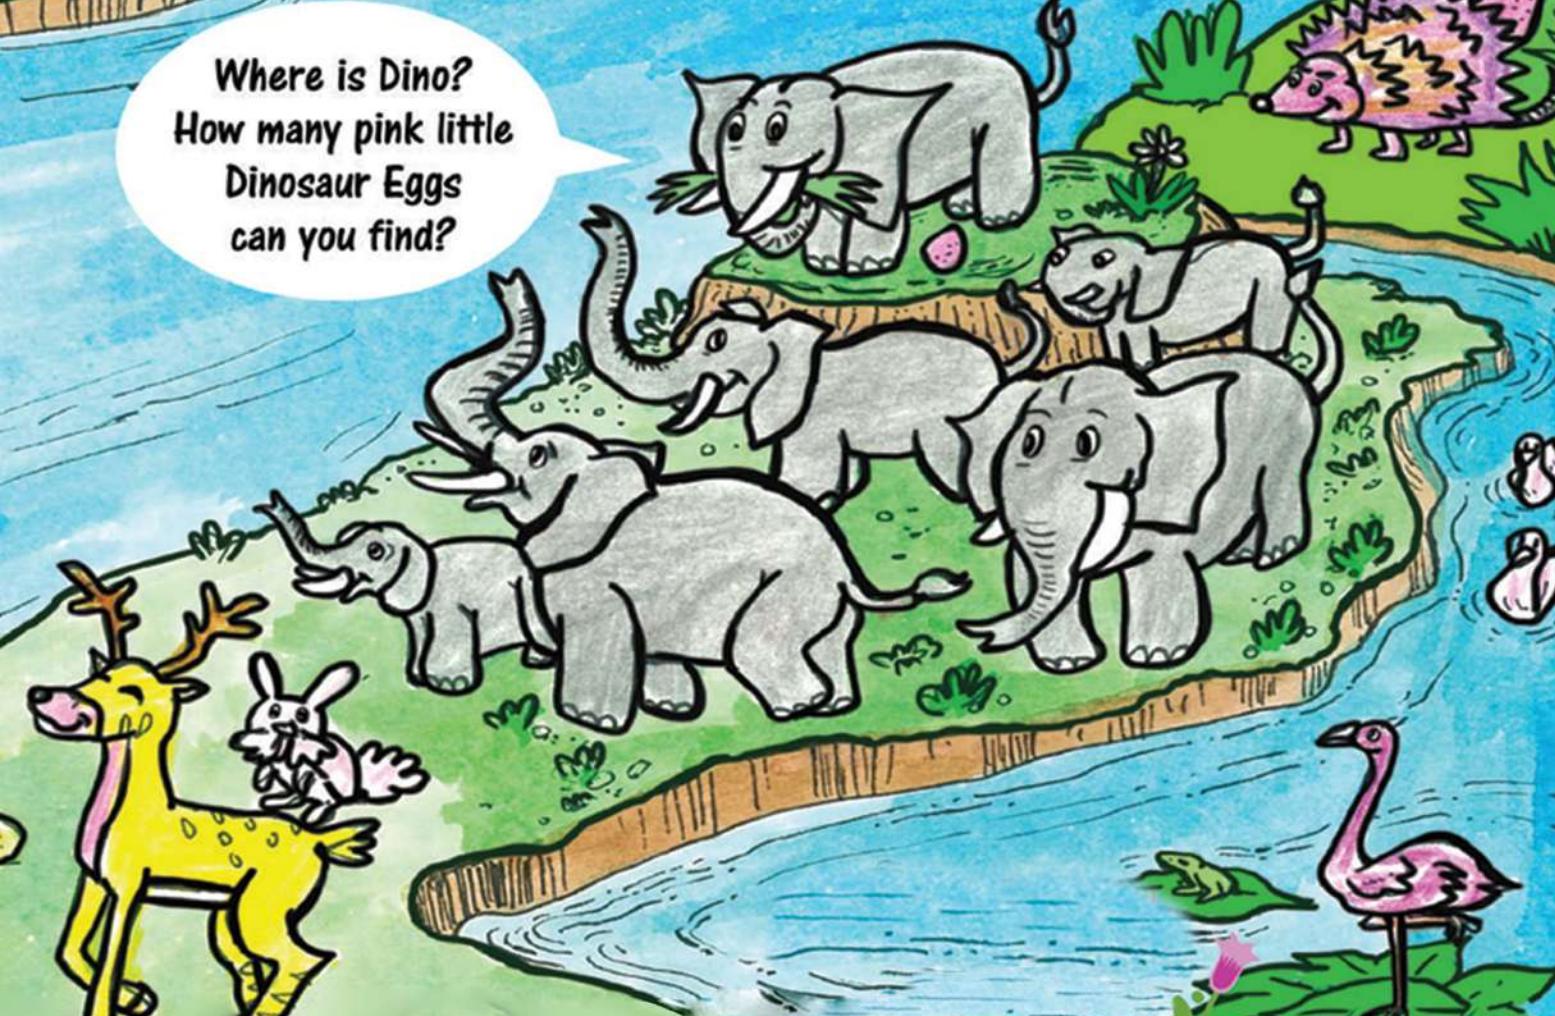

& The Dinosaur Eggs

SCAN THIS IMAGE
(Stories)

Where is Dino?
How many pink little
Dinosaur Eggs
can you find?

THE TRAVELLING DONKEY

"Donkey, donkey, how are you?"
 "I am fine, thank you. How do you do?"

**"Hee- Haw,
Hee- Haw!"**

"Donkey, donkey,
what do you do?"
 "Carry loads for all of you."
 "Donkey, donkey,
what do you eat?"
 "Grass, leaves and
carrots sweet."

"Donkey, donkey,
we love you."
 "Thank you, thank you.
I love you too."

**"Hee- Haw,
Hee- Haw!"**

DONKEY

Practice Sheet

The Travelling Donkey

Help the donkey get to its foal. Draw a line from the donkey connecting all the donkeys in the maze to the foal.

CATS

Cats like to purr,
Cats have fluffy fur,
Cats always land on their feet.

Cats enjoy getting a treat
Like Tuna, a tasty fish
Served in only the best
Porcelain dish.

Cats love fresh milk and so do I.
Cats are more amazing than a rainbow
in the sky. Yes, cats I adore.

Practice Sheet

CATS

Color the pictures that are food for the cat and cross out what the cat doesn't eat.

Spider

Tuna

Ice-Cream

Chicken

Cake

Turkey

Milk

Instructions Manual for

i - Come to Life with Environment

1. Download “**i-Life Explore**” app from Google Play / App Store.
2. Open the application and choose **Environment**.
3. You’ll be asked to enter an OTP.
4. Open any of the following compatible Web browsers **Chrome**, **Edge** or **Firefox** on your PC or laptop and enter this URL: **explore.ilifespace.cloud**
When the page is loaded, you’ll see a 6-digit OTP displayed on the screen.
You must enter this OTP on your “i-Life Explore” mobile app to connect.
5. Choose the object / animal that you would want to bring to life.
6. Check the right hand corner of the page with the  icon in the book for the relevant environment to be used and launch the same theme on the PC or laptop screen.
7. Color the image using color pencils or crayons.
8. Click "SCAN".
9. Hold your mobile/tablet steady while scanning the image and ensure that the camera is focused on the image.
10. Wait for 2 to 3 seconds for the object / animal to appear on the PC or laptop screen.
11. Click “TOGGLE COLORS” on your PC or laptop screen to toggle between the real object/animal and the object/animal colored by you.

Note:

1. Please ensure that the pages do not have any folds while scanning.
2. For some reason, if you encounter any issues with the app while scanning, please restart the app.
